thoroughly revised and updated drugs and society eleventh edition contains the most current information available concerning drug use and abuse written in an objective and user friendly manner this best selling text continues to captivate students by taking a biological approach to the impact of drug use and abuse on the lives of ordinary people the eleventh edition incorporates the authors combined expertise in pharmacology drug abuse and sociology and extensive experience in research teaching drug policy making and drug policy implementation and includes hundreds of new citations that reflect the current state of drug abuse issues and the rapidly changing issues of substance abuse addiction

the period of egyptian history from its rule by the macedonian ptolemaic dynasty to its incorporation into the roman and byzantine empires has left a wealth of evidence for the lives of ordinary men and women texts often personal letters written on papyrus and other materials objects of everyday use and funerary portraits have survived from the graeco roman period of egyptian history but much of this unparalleled resource has been available only to specialists because of the difficulty of reading and interpreting it now eleven leading scholars in this field have collaborated to make available to students and other non specialists a selection of over three hundred texts translated from greek and egyptian as well as more than fifty illustrations documenting the lives of women within this society from queens to priestesses property owners to slave girls from birth through motherhood to death each item is accompanied by full explanatory notes and bibliographical references

a unique approach to the zuni pueblo s history applying the architectural method of space syntax linking the structure of zuni society to the structure of the architecture housing it drawing heavily on archeological findings the volume nonetheless disputes the traditional archeological theory of population change as a basis for the changes in zuni society but does not offer any clear theories of its own however ferguson adjunct curator of archeology arizona state u does create a vivid historical architectural analysis of the zuni culture society and social and architectural structure from 1540 to the 1980s includes numerous diagrams illustrations and photographs

any agenda for family research in the 1990s must take seriously a contextual approach to the study of family relationships the editors and contributors to this volume believe that the richness in family studies over the next decade will come from considering the diversity of family forms different ethnic groups and cultures different stages of family life as well as different historical cohorts their goal is to make more explicit how we think about families in order to study them and understand them to illustrate the need for diversity in family studies examples are presented from new and old families majority and minority families american and japanese families and intact and divorcing families this variety is intended to push the limits of current thinking not only for researchers but also for all who are struggling to live with and work with families in a time when family life is valued but fragmented and relatively unsupported by society s

institutions students and researchers interested in family development from the viewpoint of any of the social sciences will find this book of value

concise up to date survey of the sporting revolution and its cultural and economic consequences

an indispensable guide for scholars completing interdisciplinary research in the field of the developmental origins of health and disease

long dependent on the asian spice trade portugal suffered serious setbacks during the period of political union with spain 1580 1640 as the dutch and others seized key regions and destroyed commercial monopolies by 1668 the greatest hope for a renewed portuguese empire lay to the west this book examines the atlanticization of lisbon during the early modern era investigating the social economic religious and political evolution that took place in portugal s capital during a period of upheaval and transformation in europe and in the atlantic world in this book cacey bowen farnsworth shows how between 1668 and 1750 lisbon became a crossroads where colonial developments intermingled with metropolitan and global influences to produce something novel among european port capitals drawing from extensive primary and secondary sources from portugal brazil england france and spain farnsworth lays out how lisbon s transformations were generated in commercial exchanges especially the slave trade as well as in the often tense arrangements between the british and the portuguese and he shows how social economic cultural and religious transformations made lisbon a unique center of encounter responding to valid criticisms of atlantic history farnsworth s history of early modern lisbon demonstrates that historians do not always have to defer to a global lens of analysis it is sure to be of value to any researcher interested in early modern iberia commerce and globalism

designed to reinforce the key concepts in drugs and society eleventh edition the student study guide features key terms matching identification activities true false and discussion questions
