it is one of the great ironies of the information age we know a vast ocean of information now lies open to us but it s all out there somewhere in fact information often seems less accessible than ever before and in business where important judgments decisions and opportunities ride on timely access to crucial information the irony becomes painful now with the directory of business information businesspeople can access the vital information they need quickly and directly written by business journalist lawrence rasie this valuable guide describes thousands of sources of information and then links them directly to business databanks it includes a framework of information on major industries and companies to help you narrow your search to the specific data you need it also provides a network of sources for business research in any part of the country without leaving your home office or school the directory of business information is divided into four major parts part 1 describes general sources of business information including printed sources online databases cd rom databases microfilm and telephone sources here you ll find a wealth of good starting points for your research broad indexes to business news and trends comprehensive directories for industries and companies yearbooks business newspapers and periodicals major business broadcasts and major business databases part 2 helps you focus in on three essential business topics the economy industries and leading companies in this part which in itself would be worth the price of the book the author summarizes the current status and future prospects of 350 major industries and the top 2 500 companies in those industries complete with addresses phone numbers and approximate sales levels sources for further research include specialized indexes periodicals trade associations and more part 3 opens up sources on specific business topics and functions including new and small businesses international business and the federal government among others part 4 shows you how to get valuable state and regional information including for each state a description of its economy key government offices data centers and libraries local publications and a list of its largest companies and largest in state employers to make it even easier to use the directory of business information is supported by thorough carefully prepared indexes and by the inclusion of thousands of phone numbers of business experts in government corporations industry associations publications and libraries for anyone involved with business in the united states executives investors salespeople librarians and researchers the directory of business information is indispensable it s the first place to look quick access to all the business information you need lawrence rasie s directory of business information gives anyone doing business research quick and direct access to vast amounts of information in all media based

on sources developed during the author s twelve years as a business journalist the directory describes major sources of business information in the united states including online databases cd rom sources periodicals newspapers and broadcasts and shows you how to access them easily summarizes the current status and future prospects of 2 500 top companies in 350 industries complete with names addresses phone numbers and sales levels over 10 000 sources in all opens new sources of information for specialized topics such as new and small businesses international business and the federal government provides key information and sources for each of the 50 states allows you to research state and regional business environments without having to travel there is thoroughly and carefully indexed for greater efficiency a feature not found in many other more expensive business reference books business executives market researchers investors librarians entrepreneurs students and other professionals anyone who needs immediate access to business information will find the directory of business information an indispensable time and money saving resource

magazines journals newspapers bulletins statistical annuals loose leaf business services governmental agency annual reports directories proceedings of annual conferences yearbooks

james l harner s literary research guide which choice calls the standard guide in the field evaluates important reference materials in english studies since the publication of the first edition in 1989 tens of thousands of students and educators have used the guide as an aid to scholarly research in the new edition harner has added entries describing resources published since may 2001 and has revised nearly half the entries from the fourth edition the fifth edition contains more than 1 000 entries which discuss an additional 1 555 books articles and electronic resources and cite 723 reviews readers of earlier editions will notice the inclusion of substantially more electronic resources particularly reliable sites sponsored by academic institutions and learned societies to account for the proliferation of bibliographic databases text archives and other online resources this edition also features a new section on cultural studies

coverage of publications outside the uk and in non english languages expands steadily until in 1991 it occupies enough of the guide to require publication in parts
