this work critically examines diversity discrimination and inclusion in the english speaking caribbean nations with a specific emphasis on persons with disabilities the chapters include an evaluative analysis on the extant theoretical and empirical literature on persons with disabilities in employment exploring the nature of their disability the role of information technology in gaining and retaining employment and an analysis of the laws and relevant policies which prohibit the discrimination against persons with disabilities in the caribbean region though the enactment of legislation outlawing the discrimination of persons with disabilities is not widespread in the caribbean a few select territories have taken positive steps towards recognition of the need to achieve inclusion of persons with disabilities and accept the diversity of the caribbean populace after

exploring the general state of disability and discrimination in the caribbean region the authors analyze workplace accommodations provided to persons with disability particularly as relations to it and assistive devices before focusing on workplace stigmas related to mental health disability and employment law in addition to literature based analyses the book includes qualitative case studies with the goal of providing benchmarks in organizational responses to employees with disabilities further the authors highlight lessons to be learned from other countries in addressing inequality in the workplace for disabled persons with its analysis of employment as well as socio economic and legal issues this interdisciplinary text will serve as a useful resource in not only understanding the organizational challenges faced by persons with disabilities in the region but also the necessary legislation needed to address discriminatory practices on a wider scale

this volume contains the scientific papers presented at the tenth international conference perspectives of business law in the third millennium that was held on 8 november 2019 in online format on zoom the conference is organized each year by the faculty of law of the bucharest university of economic studies together with the society of juridical and administrative sciences the scientific studies included in this volume are grouped into five chapters commercial law labor law criminal law european and international law the present volume is addressed to practitioners researchers students and phd candidates in juridical sciences who are interested in recent developments and prospects for development in the field of business law at international and national level

does gender matter in global climate change this timely and provocative book takes readers on a guided tour of basic climate science then holds up a gender lens to find out what has been overlooked in popular discussion research and policy debates we see that around the world more women than men die in climate related natural disasters the history of science and war are intimately interwoven masculine occupations and preoccupations and conservative men and their interests drive the climate change denial machine we also see that climate policymakers who embrace big science approaches and solutions to climate change are predominantly male with an ideology of perpetual economic growth and an agenda that marginalizes the interests of women and developing economies the book uses vivid case studies to highlight the often surprising gendered impacts of climate changes this new edition is a thorough update that includes revised and new chapters and new material that takes account of the significant advances in climate research environmental and social theory and the many political and social challenges posed in the wake of us elections covid 19 pandemic and rapidly changing climate and environment the new edition also takes account of important social and cultural movements that resist challenges to women s rights and advocate for gender sexuality and racial justice this book will appeal to students researchers and academicians interested in environmental studies and gender studies it also will be of interest to policymakers activists and others involved with environmental policy and governance
